STATE OF NEW HAMPSHIRE

TOWN WARRANT

Cheshire, ss:

To the inhabitants of the Town of Walpole qualified to vote in Town affairs:

You are hereby notified to meet at the Town House in said Town on Tuesday, the eighth day of March, next, 1949 at nine o'clock in the forenoon, to act on the following subjects:

Article 1. To choose a Town Clerk, one Selectman, for three years, Auditors, Town Treasurer, Road Agent, Collectors of Taxes, Trustees of Public Funds, Surveyors of Wood and Lumber, Fence Viewers, and all other necessary officers.

Article 2. To raise money for the support of the town poor, for town library, for cemeteries, to build and repair highways and bridges, and for such other current expenses as may accrue.

Article 3. To see if the town will vote to authorize its selectmen to raise money on notes of the town for current expenses, in anticipation of taxes.

Article 4. To see if the town will vote to allow a discount on taxes.

Article 5. To see if the town will vote to raise and appropriate $978.50 for Class V roads, the State to contribute $3,913.98.

Article 6. To see if the town will vote to raise and appropriate $404.00 to the Monadnock Region Association.

Article 7. To see if the town will vote to raise and appropriate $798.92 for eradicating White Pine Blister Rust.

Article 8. To see if the Town will authorize its Selectmen to administer and dispose of and deed any real estate acquired by the town by tax collector's deeds.

Article 9. To see if the town will vote to accept such funds as have been left it during the past year.

Article 10. To see if the Town will vote to accept the legacy given to the Town by the will of Fanny P. Mason, Second Clause, Paragraph A, and authorize the Selectmen to do all things necessary in connection with the acceptance of said legacy.

Article 11. To see what action will be taken to recognize the 200th anniversary of the founding of the Town of Walpole and to raise money for the proper celebration.

Article 12. To see if the town will vote to raise and appropriate $1,600.00 for the installation of Railroad crossing flashers at the Walpole Depot as prescribed by the Public Service Commission, The Boston and Maine Railroad to pay the balance.

Article 13. To see if the Town will vote to raise $3,000.00 for the installation of a heating system in the Town Hall.

Article 14. To see if the Town will vote to raise and appropriate $750.00 to eliminate water hazards on Main Street, North Walpole, at Underpass.

Article 15. To see if the Town will vote to turn over to the school district the sums of money raised at the annual meetings in 1945 and 1946, for the purpose of building a school house, said funds to remain in the custody of the trustee of trust funds until such time as they are needed by the school board.

Article 16. To see if the Town will vote to raise and appropriate $2,000.00 to be spent on the so-called Bert Wells Road leading from Wentworth Road to County Road.

Article 17. To see if the Town will vote to raise and appropriate $360.96 for the Elliot Community Hospital.

Article 18. To see if the Town will vote to raise and appropriate $1,500.00 for the purpose of replenishing the books in the library in North Walpole.

Article 19. To see if the Town will vote to raise and appropriate $4,000.00 for a new bridge to replace the so-called Smalley Bridge on the River Road.

Article 20. To see if the town will authorize the Selectmen of the town to convey to the School District of Walpole a certain tract of land situated in Walpole, in the County of Cheshire and State of New Hampshire, bounded and described as follows: On the north by the land of Charles E. Angier; on the West by the land of the Boston & Maine Railroad; on the south by the Old Depot Road; and on the East by the main highway, containing approximately twenty-four (24) acres.

This land to be used by the School District for the purpose of erecting a new elementary and high school thereon and a playground used in connection therewith; or take any other action thereon.

Article 21. To see if the town will vote to raise and appropriate $1,000 to improve the George Edwards road beginning at the end of the tarred surface at the swimming pool.

Article 22. To see if the town will vote to raise and appropriate the sum of $500 to widen and gravel the road leading to Walpole from the Wallace Marlow Farm known as the Thompson Road or the Cote Road.

Article 24. To transact any other business that may legally come before said meeting.

Article 23. To see what action the town of Walpole will take to help defray expenses, if the Village of North Walpole should build a new Village Hall and to raise and appropriate money for the same.

Given under our hands this seventh day of February, 1949.

LAWRENCE W. GRAVES,
JOHN E. AYLWARD,
LOUIS BALLAM,
Selectmen of Walpole.

Balance cash on hand January 1, 1949	421 38
	$2,057 66

We, the undersigned auditors for the Town of Walpole, have examined the report of the library treasurer and find it to be correct.

HAROLD O. PIERCE,
GUY H. BEMIS,
DENNIS J. GRIFFIN,
Auditors.

REPORT OF COMMITTEE ON TOWN LIBRARY

The library committee wishes to report that through the advice and assistance of Miss Catharine Pratt of the State Library the Bridge Memorial Library has been able to obtain State Aid to the end that the reference department of the library will soon be able to measure up to the standard of any library serving a community the size of ours. The reference material will be kept for exclusive use in the library and the public is cordially invited to use it.

The North Walpole Branch also benefiited by this fund and a hundred dollars worth of reference material was delivered there just before the disastrous fire at Russell Hall. It is too early to have considered plans for continued service there but it is to be sincerely hoped that some arrangement may be made soon to carry on the excellent service to satisfy the needs and desires of our twelve thousand circulation.

Ten donors have presented the library with books and we gratefully acknowledge their gifts.

Respectfully submitted,
MARGARET P. PORTER,
Chairman.

STATE OF NEW HAMPSHIRE
SCHOOL WARRANT

To the inhabitants of the school district of the town of Walpole qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 8th day of March, 1949, at 2 o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the coming year.

2. To choose a clerk for the ensuing year.

3. To choose two members of the school board for the ensuing three years.

4. To choose a treasurer for the ensuing year.

5. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers and agents of the district.

6. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.

7. To choose agents, auditors, and committees in relation to any subject embraced in this warrant.

8. To see if the district will vote to make any alterations in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of statutory obligations of the district, as determined by the school board in its annual report.

9. To see if the District will authorize the School Board to rent additional building space, hire teachers, purchase or obtain equipment, supplies and other facilities to care for the increased enrollment in the village school, and to raise and appropriate a sum of money for this purpose; or take any other action thereon.

10. To see what sum of money the District will vote to raise and appropriate to increase the capital reserve fund for building purposes to be used with monies otherwise appropriated by the School District for the purpose of erecting a new elementary and high school on the land to be conveyed to the District by the Town, for the equipment and furnishing of the same and the grading of the lot; or take any other action thereon.

11. To see if the District will vote to raise and appropriate a sum of not more than $250,000, but not exceeding six per cent of the latest assessed valuation of taxable property in the district, and to issue its serial notes and bonds therefore under and in accordance with the provisions of the Municipal Bonds Statute, as amended, for the purpose of erecting on that part of the land of the Town of Walpole to be conveyed to the District for that purpose, an elementary and high school building, and to equip and furnish same and for the grading of the lot or take any other action thereon.

12. To see if the District will authorize the School Board to contract for the erection of an elementary and high school building to be erected on the land above described, for the purchase of equipment and furnishing for the same and for the grading of the lot; or take any other action thereon.

13. To see if the District will vote to accept such federal aid as is now or shall hereafter become available to be used with any appropriation made by this District for the purpose of erecting a new elementary and high school on the land to be deeded to the District by the Town, for the equipment and furnishing of the same and the grading of the lot and to authorize the School to take any necessary steps to secure such aid; or to take any other action thereon.

14. To see if the District will vote to use and appropriate the capital reserve fund, in part raised by the Town and in part raised by the School District, to be used

with other funds appropriated by the School District for the purpose of erecting a new elementary and high school on the land to be conveyed to the District by the Town, for the equipment and furnishing of the same and the grading of the lot or take any other action thereon.

15. To see if the District will authorize the School Board to work with other school boards in this area to study the Cooperative School Act and its possibilities for increased educational efficiency.

16. To see if the District will vote to raise and appropriate a sum of money for the purchase of additional busses for the transportation of school children.

17. To see if the District will authorize its school board to enter into a contract with the School District of Rockingham for the payment of high school tuition.

18. To see what sum of money the School District will vote to raise and appropriate for minor repairs and new equipment.

19. To transact any other business that may legally come before said meeting.

Treasurer.

AUDITORS' STATEMENT

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Walpole, of which the above is a true summary for the fiscal year ending June 30, 1948 and find them correct in all respects.

FRED A. RAMSAY,
HERMON O. WOODWARD,
Auditors.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Walpole School District:

I hereby submit my fourth annual report as superintendent of your schools:

We have a very serious problem of housing in the part of Walpole that lies below the Cold River railroad crossing. You can see by studying the summary of the enrollments of the 3rd of January of this year that we have a total of 236 pupils in the Village school. This number in itself is not too large if the pupils were more evenly distributed. You will note that the larger enrollments are in the lower grades. This is more serious than perhaps some of you realize because our first six grades are more or less doubled. Because we have only four elementary school rooms two of the teachers must teach two grades. In one room there are 42 pupils; in the other room 33 pupils. Next year the conditions will be even worse as the first grade next fall will be larger than our present first grade. There is not room enough in the little building to house all of next year's second grade nor will there be room enough in the primary building to house all of the third and fourth grades for present indications are that there will be at least 45 in this group. The next group, the fifth and sixth grades, will number together about 35 to 38 which are a few more than the room will hold. That room has always been crowded for it was originally designed to hold about 25 pupils. Next year's seventh grade will have between 25 and 30 pupils which will more than fill the room usually assigned to this group.

The two rural schools are filled almost to capacity this year. In September the two enrollments were equal but a few of the children have moved away from the Number 14 district which has temporarily decreased the number of children attending school there. The inspector

from the state board of health has recommended a number of changes that will have to be made in these two buildings if we are forced to maintain them much longer.

The high school enrollment is as low this year as it has been for many seasons. Present indications are that it will increase somewhat in the next two or three years and then suddenly increase very noticeably for the following years. Even with the small enrollment that there was this year we were unable to do many things that we would have liked to do for the pupils. Lack of proper facilities and rooms prevented our scheduling some classes. There is a great deal of time lost in moving classes from the Hooper Building on the top of Prospect Hill to and from the Village school and also to and from the Town Hall for the necessary physical training programs. We have been very fortunate in being able to obtain and hold teachers who were willing to put up with the inconveniences that have existed here for so many years.

Several things have been done this year to strengthen our health department. A small section in the shop building was partitioned off for a business office so that for the first time it is possible to have office space for the nurse and uninterrupted physical examinations of all the children in the odd numbered grades and in the high school. Last spring this union purchased a Maico Audiometer which has been used to test the hearing of all your children, and a Massachusetts Vision Test that has been used to test the eyesight of all the children. These two instruments which are the best available for the purpose have made it possible for our school nurse to determine accurately the existence or non-existence of sight and hearing defects. The few afflicted pupils have had their deficiencies reported to their respective parents with the recommendation that special examinations and treatment be undergone. A child cannot do his best work in school unless he is physically and mentally alert. By discovering deficiencies in the lower grades it is possible to have them corrected so that the pupil will not lose a part of his early schooling.

A committee of school board members from towns in this area has been making an informal study of cooperative school districts in an effort to learn whether it would be advisable to ask the State Board of Education to have one formed among these towns. The greatest advantage of a cooperative school district is that it enables a group of smaller communities to join together in a cooperative effort to support and maintain a high school of sufficient size to offer a well-rounded program in secondary school subjects. At the present time there are three small schools within a triangular area of less than nine miles on each side. Each of the schools offers as many courses as it is possible within the financial limits of the school districts. The subjects are somewhat different in each school. In too many cases it is necessary to hold small classes of five to twelve pupils which is uneconomical from a taxpayer's standpoint. In some cases all the pupils are required to take the same work; those planning on entering college, those going into farming, and those going into business, together with those having no idea what they are planning to do when they finish high school. If these three communities could combine to maintain one good-sized secondary school it would be possible to offer differentiated work that would fit the needs of these various groups without entailing additional costs. At the same time it would be possible to offer classes in more courses than are now available for a pupil in any one of the three schools. Preliminary studies indicate that we are now employing in these three towns enough teachers of a secondary grade to staff such a proposed school so that as far as the cost due to faculty is concerned we already have enough teachers to manage such a school. The budget for a school of this size would not be far different from the combined budgets being spent this year to operate the three separate schools. However, the increased educational efficiency of this cooperative school would be several times greater than the separate efforts could ever be. This cooperative school movement should be given careful consideration and support if it is found to have merit.

Your building committee has had several meetings since the annual meeting of last spring and is prepared to recommend the immediate construction of a new school house for Walpole village to relieve the overcrowded condition that now exists and which will increase during the succeeding years unless such new construction is undertaken. Careful planning and the elimination of some of the classrooms and services have resulted in a decrease in the estimated cost of the building as it was presented at the last annual meeting. If Walpole is to maintain a position of leadership in the field of education and wants to give its boys and girls the best start in life that is possible, its citizens should be willing to make a sacrifice in order to provide better housing facilities than have been available for the past few years. An outsider coming into a town usually judges a community by its school. A person looking for a new home usually investigates the schools before deciding upon a given town.

HEALTH

Examination of pupils by Dr. William H. Tatem showed the following defects:

231 pupils were examined.

133 pupils were in need of dental care.

10 pupils were advised to have tonsil and adenoid operations.

5 pupils had enlarged cervical glands.

1 pupil had a ruptured ear drum.

5 pupils had a slight heart murmur, and notation was made on the pupils record, so that this condition can be watched.

5 pupils had sufficient wax in ears to obstruct the canal.

4 pupils were unvaccinated without proper excuse.

On the whole there was a gratifying absence of physical defects.

Inspection of pupils by the school nurse showed the following defects:

206 pupils were inspected.

104 pupils were in need of dental care.

16 pupils were advised to have nose and throat examinations by a physician.

5 pupils had sufficient wax in ears to obstruct the canal.

13 pupils showed poor posture.

6 pupils have speech defects.

372 pupils were given hearing tests.

122 pupils had their teeth cared for.

3 pupils had tonsil and adenoid operations.

4 pupils had eye examinations and defects corrected.

A T. B. patch test clinic was held April 4, 1948. 26 pupils were given the test. 4 pupils were X-rayed.

REPAIRS

No. 14 School—It was found necessary to replace the plaster that had come down from the halls, replace the door on the girls' basement, and make some minor repairs to the drinking fountain. The large flagpole rotted away and a small pole was installed on the building rather than go to the expense of putting up a large one. Four of the swings were replaced, one a gift of the children in the school, the other three by the district. The school was given a piano during the summer and this has been put into usable condition. Mr. Fennessey, Mrs. Patch, and the Bartletts have given several useful gifts as well as their time in fixing some of the school facilities. They should be thanked for their interest in the children.

Drewsville—Some of the swings were replaced and the boys' basement was repaired. More will have to be done to both of these schools if we are to continue using them, as I have pointed out earlier.

At North Walpole we did a great deal of redecorating. In the John Kilburn building both halls were repainted and also the woodwork, sides and ceilings in all but the seventh grade classroom. This year we tried painting the woodwork light colors constrasting with the walls with very desirable results. This together with the light fixtures which were put in last year have done a great deal to bring these rooms up to the required lighting standards. The small chairs in the first grade room were decorated to make them more attractive for the children. There was a new ceiling put in the kindergarten room and this was painted. The outside doors were changed and installed with new locks so as to make the doors apply with the state law in regard to ease of opening. It was necessary to do some more work on the cement retaining wall at the top of the stairs leading from the lower street to the school yard in order to prevent water damage. About 30 feet of retaining wall was put in with new picket fence and iron pipes.

Not very much was done at the village school other than the usual minor repairs and cleaning. A great deal

could be done on the three buildings in the village to bring them up to the lowest standards but nothing has been done because it is thought that it would be better to wait to see what the district has planned for a building program rather than to put the money into the buildings and then not have to use them for more than a year or two.

STATISTICAL REPORT FOR 1947-48

Total registration	430
Average membership	391.80
Percentage of attendance	94.78
Cases of tardiness	232
Visits by superintendent	730
Number of pupils not absent or tardy	26
Visits by citizens and others	899
Half-days schools were in session	352.2

I wish to express appreciation for the excellent support and cooperation received from the members of the school board, teachers, parents and pupils.

Respectfully submitted,
THERON B. THOMPSON,
Superintendent of Schools.

REPORT OF HEADMASTER
WALPOLE HIGH SCHOOL

Mr. Theron B. Thompson, Superintendent of Schools, Walpole, N. H.

Dear Sir:

I herewith submit my annual report as headmaster of Walpole High School:

REGISTRATION

	Senior High	Junior High
Number of pupils enrolled	71	41
Boys	36	17
Girls	35	24
Number transferred or withdrawn	5	2
Present enrollment	66	39
Number not absent or tardy	9	11
Number of cases of tardiness	20	3
Percent of attendance	95.25	94.65
Number of visitors—Citizens	12	0
Non-resident enrollment	10	0

GRADUATES

There were fifteen graduates in the class of June 1948. Of this group two are attending the University of New Hampshire, one Boston University, and one entered Northampton Business College. Graduates of other years are enrolled in the above listed schools as well as Becker College and nurses' training at various hospitals.

SCHOLARSHIPS

We feel we have raised the standards of achievement in the High School so that our marking scale compares favorably with any public school in the state. The pupils who plan to go to college must maintain an average of 85% or above in order to receive certification. The passing grade is 70%.

Parents should bear in mind that it is increasingly difficult to get their children admitted to college and en-

courage them in every way to work for higher grades. There is hardly a college left that will even consider a person who does not stand in the upper two-fifths of his class and some are now requiring that the applicant be in the upper tenth. Walpole High is an accredited school and our graduates are given the same consideration by colleges as those from larger schools.

This year we have started on a guidance program which we hope will lead to a better understanding of each pupil individually and thereby help him to grow in solving his own individual problems. This necessitates our finding out all we can about each pupil through tests and interviews and compiling a folder on each child. In order to work with each pupil as an individual we need to know his likes, dislikes, needs, hopes and ambitions, and consider them in all our dealings. This should lead to a better adjusted student body and pupils enrolled in courses suited to their individual needs.

HEALTH

At the last regular school meeting the town voted to assume the cost of a regular physical examination. Last year the parents paid fifty cents each to carry on this work. Miss Edgett and Dr. Tatem conducted a very careful examination and parents have been notified of defects discovered. The plan is to have the doctor give a thorough examination to all grades in the odd years—1st, 3rd, 5th, etc.—and the nurse to examine those in the even grades. All persons on teams are examined by a doctor every year and a follow-up made where any defect is found.

NOON LUNCH

The noon lunch has been operating since Thanksgiving time and will continue throughout the winter months. In order to avoid confusion in our cramped quarters the lower grades are being served in their own rooms. Much of the cleaning up is done by the pupils who take turns on a rotating schedule.

AGRICULTURE

The annual Agriculture and Home Economics fair was held in October. As a new feature, a parade in which all pupils took part was held. We hope to continue this since it was so well received.

At the Cheshire Fair the agricultural boys combined with Vilas High School to prepare a fine exhibit of fruit, vegetables, and livestock. Three boys from Walpole were chosen to make up a six-man New Hampshire judging team at the Eastern States Exposition.

Four Walpole boys attended the National Future Farmers of America Convention in Kansas City, Mo. One of this group was chosen as a bandsman to play with the National F. F. A. Band. The F. F. A. group hold regular meetings twice a month and the annual father-and-son banquet highlights their activities.

EXTRA-CURRICULAR ACTIVITIES

At the School Fair a prize speaking contest was held which revealed a great deal of hidden talent. We hope to continue this activity next year.

Three one-act plays were presented and the one judged the highest will be given again in the spring at Alstead in competition with Vilas and Charlestown high schools.

The school patrol continues to function and much credit should be given the members for their work. Speeding trucks and cars have become a dangerous hazard to school pupils.

Our basketball team has had a banner season losing only one game to date and that by only two points. It looks now as though we would be selected to participate in the Class C New Hampshire Tournament. Through the generosity of local citizens our boys have been completely outfitted with new uniforms. I would like to take this opportunity to thank them again on behalf of the boys.

The girls' team has also won a large portion of their games and deserve much credit for earning money for their own equipment and expenses.

We also have the best cheerleaders I have seen this year.

These activities seem to me to be an important part of any good educational system. Our students have grown tremendously in poise and personality since these activities have been increased.

P. T. A.

A Parent-Teachers Organization was begun last fall which should do much to bridge the gap in teacher-parent relations. At present the P. T. A. is sponsoring ski instruction for all pupils.

NEEDS

Our primary need is of course a new building. The present plant having been built in the early eighteen hundreds has long since become outmoded. If a new building is not voted a great many repairs will be necessary. The boys' basement in the grade building is unsanitary and a new urinal should replace the present one. Lighting is inadequate in all the high school rooms and outlets are needed in all rooms so projectors may be used. Stair treads throughout the high school should be replaced. Much jacking-up and foundation work is necessary; the office floor sags about four or five inches from one wall to another and the lower floor class rooms are nearly as bad.

These are only a few of the essentials and I mention them as examples of the type of repair necessary so the people of the town will realize the deplorable state of the building.

I feel I should also point out that we will not have room to seat the grade children in our present space during the coming year. Another room and another teacher will be necessary. We also need one more teacher in the High School in order to offer enough courses to meet the demands and needs of the pupils. Twenty-five percent of our present enrollment would be taking a commercial course if it were available, but there is not room to set up such a course in our present building.

I am cognizant of the fact that the things I have mentioned will cost money. We do have in Walpole, however, as fine a group of children as you will find anywhere and as headmaster it is my duty to ask that they be given equal educational opportunities with those of children in other towns. Education is the last thing that should be sacrificed in the name of economy.

In closing I wish to thank all the citizens of Walpole for the support they have given us in all our endeavors, and to express my appreciation to the School Board for all their help and understanding in carrying out our common job.

Respectfully submitted,
RALPH H. POTTER,
Headmaster, Walpole High School.

REPORT OF PRINCIPAL
NORTH WALPOLE SCHOOLS

Mr. Theron B. Thompson, Superintendent of Schools,
Walpole, N. H.

Dear Sir:

I herewith submit my annual report as principal of the North Walpole Schools:

REGISTRATION

Grade	Boys	Girls	Total
Kindergarten	9	12	21
I	10	6	16
II	12	8	20
III	8	12	20
IV	9	8	17
V	8	5	13
VI	11	6	17
VII	7	10	17
VIII	8	7	15
Totals	82	74	156

The enrollment in the schools is approximately 10 per cent greater than last year. Following the general trend throughout the country, the enrollment will probably show an increase for the next few years. Our attendance record is good and our tardiness record is low. Credit for this is given pupils and parents for their interest in keeping our school record in this respect good.

SCHOLARSHIP

In order to determine pupil weaknesses diagnostic tests were given in grades 3 to 8 in Arithmetic, Language, and Reading. The remedial work necessary to overcome the difficulties that showed up in the test, was taken up in the various classes, and subsequent tests showed that the pupils on the whole, profited, as fewer mistakes were made.

The Otis Mental Ability Tests were given to the eighth grade and in most cases the results showed that the pupils were working to their capacity. A Standard Graduation Test was also given to the graduating class and the results showed that almost all the class attained scores as high and in some cases higher than the normal set by the authors of the test.

Teachers Meetings are still held on the average of once a month in order to discuss current school problems. The topic under discussion at the present time is, "Responsibilities of the Elementary School." The Teachers Club has had two social outings so far this year and also attended the workshop in Social Studies, held in Keene January 3 to January 7, 1949 conducted by Dr. Gertrude Lewis of the State Department of Education. Activities such as these are to be commended, as it brings the teachers closer together, and makes for pleasanter relations and for better cooperation in striving to achieve the aims and goals of present day education for their pupils.

ORGANIZATION

The Patrol System is again operating this year and up to the present time has rendered the same meritorious work as in other years.

Our assembly programs held Friday afternoon have been under the direction of Miss Mulcahy, the English teacher. All the pupils participate at one time or another, and occasionally at Halloween and Christmas the pupils of the two upper grades organize and put on a program of their choice.

The school as in other years has contributed 100 per cent to the "American Red Cross," "Tubercular Society," and to the "March of Dimes."

Our annual school exhibit was held the latter part of May at the school. Quite a few of the townspeople availed themselves of this opportunity to visit the school and thereby get first hand information about the work that we, the teachers of your school, are trying to do. An-

other exhibit will be held this year and it is hoped that more of the townspeople will visit us.

During the month of November a "Drive" was conducted by the boys and girls of the seventh and eighth grades to begin building up a fund, so as to purchase a moving picture machine. Nearly one hundred dollars was realized by this drive and I wish to thank the boys and girls for their efforts. To date we have about one half of the sum needed to purchase a projector. I hope that in another year we will have sufficient money on hand to buy this type of visual aid which is needed so much today in our system of education.

The means by which our athletic program is carried on are entirely dependent upon the money received from our public appearances and an occasional drive as carried on this year. Thus our athletic program, must of necessity be curtailed, due to the lack of funds. Last year the school was able to support teams in touch football, basketball, and baseball. I hope that some means may be found in the near future to expand our athletic program so as to include the girls as well as the boys.

Our Manual Training program is again being carried on this year. The teachers and myself wish to thank the Box Company for furnishing us with the materials needed to continue this part of our program.

In conclusion, I wish to express my appreciation to the superintendent, school board, people, teachers, and students of North Walpole for their splendid cooperation.

Respectfully submitted,
JOSEPH Z. DUBE,
Principal.

VITAL STATISTICS

At the request of the selectmen, there is submitted herewith a transcript of the births, marriages and deaths recorded in the Office of the Town Clerk for the year ending December 31, 1948.

Births Registered in the Town of Walpole, N. H., for the Year Ending Dec. 31, 1948
